FROM THE PRINCIPAL'S OFFICE:

Mr. Theo Muller

Welcome to all new Triegie Parents!

We are privileged to welcome you and excited to tackle 2027 with you! We form a remarkable team at Louis Trichardt High School, aiming to ensure that every Triegie is motivated and happy, ensuring that every parent feels the same. Every parent and child has a special place in our school's heart.

During the next five years we want to fill your grade 8 cub's life with outstanding academic achievements, development of creativity, effective communication and countless activities. This will enable your child to reach their full potential and we want to ensure that they transform from Triegie Cubs into Triegie Lions. It is very important to us that every single one of our Triegies settle in with us as soon as possible, and get involved in our dynamic school.

Involvement builds a positive feeling of unity. Involved Triegies spend more time at school than at home. This is healthy because here we learn together.
This information brochure serves as a copy "to put on the fridge" to create an informed Triegie home. Details and dates of all activities and events will be in the quarterly program.

Grade 8 Triegie Cubs must be at **all** athletic events, and at certain activities that will be communicated to them. Thank you for your loyal support towards Louis Trichardt High School. We will transform your grade 8 into a true Triegie with Triegie values. Our mission is to have Triegie Lions full of enthusiasm that leave deep footprints. With each step a generation is formed.

We trust that you and your child's commitment to Louis Trichardt High School will be full of excitement and adventure. We want each and every newcomer to feel at home, and to embark on new challenges. The Triegie value system of integrity, loyalty and respect form our foundation. Should you be uncertain about anything, please feel free to contact us.

Triegie Greetings
Mr. J.T. Muller

Our day scholar program makes it easier for working parents by:

- The day scholar environment operates on self discipline, which is essential for success and a positive after-school experience.
- Extracurricular activities are coordinated to support learners' balance between work and relaxation.
- A structured and safe space is created for learners.
- Lunch and transport save time and effort for both parents and learners.
- Every day scholar is given the opportunity to fully develop and grow, enabling them to play a meaningful role in society.

Day scholar application forms, policies, and rules are available for parents interested in enrolling their children as day scholars for 2027.
